

## How to Go Live on Facebook from Android or Computer

Posted by billymark007 - 30 May 2019 06:59

---

Facebook allows users to go live on its platform and connect with friends and followers through the Live feature provided since 2015. It has been trendy since then and used by a lot of users. The people on Facebook use it for sharing their regular lives with others as well as promoting a particular event or thing through this feature.
